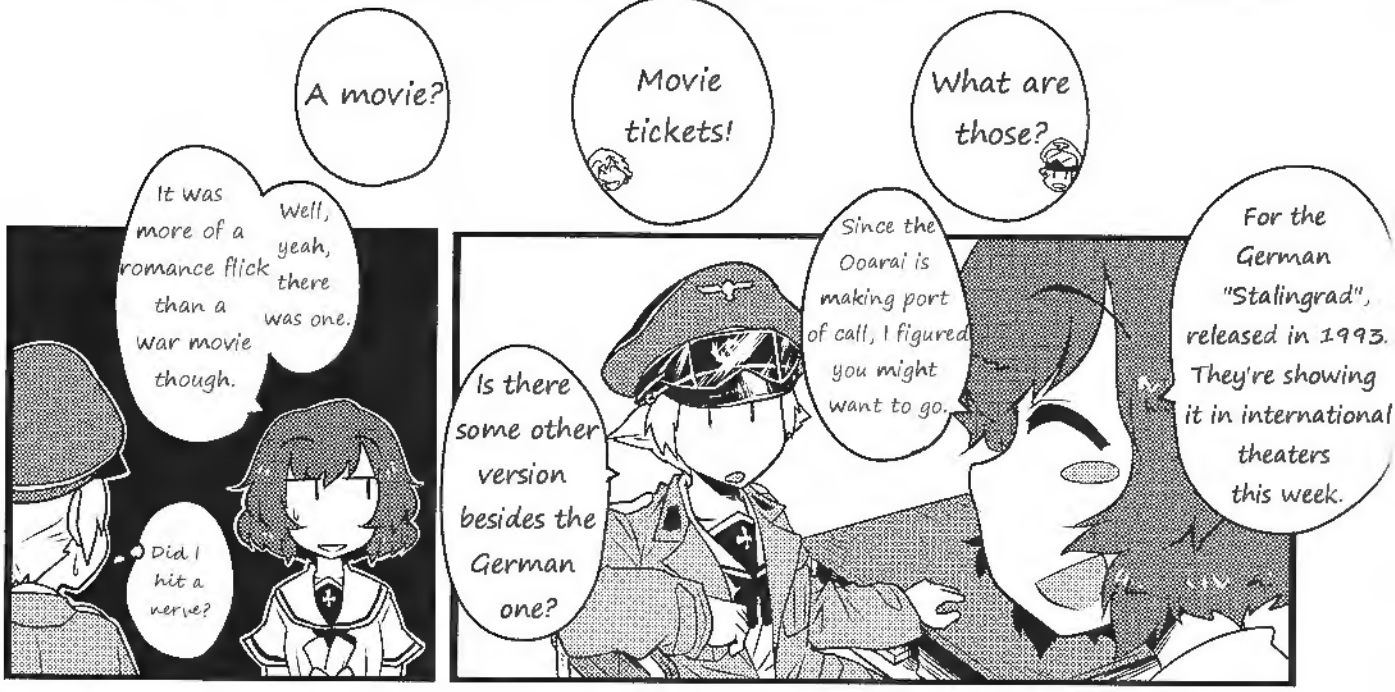
ウチくる!?

Tada~



A movie?
Movie tickets!
What are those?
Well, yeah, there was one.
It was more of a romance flick than a war movie though.
Did I hit a nerve?
Is there some other version besides the German one?
Since the Ooarai is making port of call, I figured you might want to go.
For the German "Stalingrad", released in 1993. They're showing it in international theaters this week.

Alright, we'll go!
Really?
Aw, yes!
sigh
I think that you would definitely like this movie, sir!
But the German version is pretty much perfect! It even has a huge cult following!

This long-awaited day has finally come!
Kya!
I even remembered to plan out some windowshopping after the movie! It's perfect, if I do say so myself!
Kya!
Hm, but... I wonder if these shops are okay...
I know she likes military paraphernalia, but I don't know how much...
Depreee

No, it's fine!
Have some self-confidence, Yukari Akiyama!

Oh!

Sorry I'm late! Did I keep ya waiting?
はぁはぁ
No, no, not at all!
Come to think of it, this is the first time I've seen you out of your uniform, sir.
Is it really?
Your normal clothes don't really evoke the image of "General Rommel".
Well, not when I'm out in the public eye...
ペコム
Ah, you got me...
Ahaha, you're still wearing your usual Afrikakorps cap, though.

Man...

Well, it certainly was a German film.
はぁ…
It was really well made...
and it painted a pretty good picture of real war.

What!? Then there's no choice but to buy it!
They're selling the DVD on Am*zon, so please enjoy it to your heart's content!
STALINGRAD

That bit was really incredible!
That scene with the anti-tank battle was unbearable to watch!

Anyways, what are we going to do after this?

Ooh.

I'll show you around some of my favorite shops!

Ooh!
Uh...
Do you not come here often, sir?
This is amazing!
This place has the best stock around.
I see.
I'm always too embarrassed to, so I get all my stuff through the mail.
For some reason, I'm starting to get a bad feeling about this..
It'll be fun~
Then today let's satiate our greed as we walk around together.
!?
!!
Eek!
There's so many genuine pieces!

Howaa!
And as if to answer my call, here comes a Knight's Cross of the Iron Cross, Second Class!

I'm afraid that future may already be here.
I'm drooling
Let's keep up the pace and use next month's allowance to satisfy our greed too.
Just before 1400 hours?
?
Wait a minute, what time is it?
What should I do until the ship comes back...?
And I forgot my key as well and there's no one at home...
Oh yeah, the ship was gonna leave earlier than usual!
I forgot. We're in trouble...
meeen meeen (cicadas)
If it'd be fine by you, you could come over to my house.

Come in, come in~
I haven't been able to dust my room recently, sorry.
Ooh.
Ahaha, it's not really that impressive.
It really is...
No, no, that "ooh" was for your incredible collection.
Sure, thanks for having me.
Anyways, I've put the kettle on, so please make yourself at home.

And, well, that's how my vacation went!
Hmph,

Posting with an order like this (like Miho's "kosokoso sakusen" scene) and an AA graphic of a tank is also a 2ch meme.
